DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 1: Claim 1 recited the limitations of "...printed articles each of which contains one or more printed articles" one lines 1-2. It is unclear whether the "each of which" is referring to the "orders" or the "printed articles."

Claim 1 recites the limitations of "printing the orders in multiple columns" in lines 2-3, and "placing the order in a column" in lines 7-8; the limitation of "obtaining a plurality for orders for at least one printed articles" appears to be claiming a system receiving some orders (information about the purchasers of the printed articles) for a already printed article(s).

Therefore, it is unclear the "printing the orders" or the "placing the order" is referring to the order information itself or the printed articles.

Regarding claims 2-3: Claims 2-3 are rejected under 35 U.S.C. 112, second paragraph because they depend on rejected claim 1.

Allowable Subject Matter

3. Claims 4-9 are allowed.
